FOREWORD

"La Corona", the second issue of the Junior High Annual, comes to you in this year of nineteen hundred and thirty-five with the good wishes of the student body.

Assisting in its publication has given the editorial staff much pleasure. They wish to express their appreciation for the splendid cooperation of students and faculty. They wish to give special recognition to the Photography Club for its pictures and to Mrs. Taw, faculty chairman, for making this publication a success.

FRANCIS NEELY, Editor-in-Chief

"La Corona" has been planned primarily for the students of Junior High that we may remember in later years who we are, what we do, and why we laugh. We have followed this plan for two years.

You will observe by comparing this book with that of last year that our student body has grown in numbers. In fact, it is the largest enrollment we have ever had since the school was organized in 1923. We have tried to make it a student body of excellent citizenship, sportsmanship, scholarship, and obedience. Perhaps we have not attained perfection, but we are proud of our record. During succeeding years we hope to see our records broken and our ideas of citizenship, sportsmanship, and scholarship pushed ever upward as the school grows older.

In Memoriam

JUNIOR HIGH

We love our dear old Junior High,
'Tis there we like to go,
Sometimes we work, sometimes we play,
The latter we like, you know.

But idleness is bad for boys—
The teachers say 'tis so—
So after play, we work a bit,
To polish up, you know.

And when we're gone from Junior High
To other halls of fame,
We'll not forget the lessons taught,
For learning is our aim.

OUR SCHOOL

Our school is tall and stately—
And very dignified—
It stands serene against the sky
With windows open wide.

In its rooms are eager troops
Of girls and boys so gay,
Who conquer lessons difficult—
For they must rule some day.

SCHOOL ORGANIZATIONS

LA MUSIQUE CLUB

"La Musique" is an organization composed of boys and girls interested in stimulating a greater social interest in music. Its personnel is elective and meets once a week.

"La Musique" has sponsored a benefit movie which helped defray the cost of the Glee Club sweaters, blouses, and emblems, a new feature here this year for Junior High. It also sponsored the Christmas pageant entitled "The Christmas Legend" in which students of the glee clubs took part. Its climaxing effort came with the successful operetta, "The Toreadors".

Bessie Smith

GIRLS' GLEE CLUB

This year, the Girls' Glee Club has far exceeded any other glee club of the preceding years, in enrollment, talent, and participation in programs and concerts. Due to their many activities, large amounts of new music and costumes were added. They were also the first group to have an official uniform of blue and gold blouses with white skirts.

The Christmas Program, a very important event at Jr. High, and the delightful operetta "Toreadors" were both huge successes. The casts consisted almost entirely of Glee Club members.

Betty Agins

THE PHOTOGRAPHY CLUB

The Junior High Photography Club is divided into five sections, three of boys and two of girls. The reason for this is to make sure that each person will have something to do.

The purpose of the Photography Club is to show the boys and girls how pictures are made and to take, develop, and print pictures for this Annual.

The club has, under the supervision of Mr. King, spent much time and energy on the pictures, but have had a fine time doing it.

Robert Hampton

"LOS ALEGRES CLUB"

"Los Alegres" is a Spanish name which means, "The Happy Ones". We, the members of this club, chose this name because we want to be thought of as a happy-go-lucky group.

The purpose of this club is to awaken social life among the Spanish-speaking students, as well as to get them acquainted with each other.

This is the first time in Junior High School that a Spanish Club has been organized. It was organized in the year of 1934 by Mr. Hirt, and we are most grateful to him.

Jesus Cervantes

SCHOLARSHIP SOCIETY

The Scholarship Society's membership is determined by points given for quarterly grades, ten of which are required. This year a student is required to make six of his points in solids whereas last year all ten could be made in any subjects.

The Society elects new officers and also enjoys an outing or party each quarter.

Membership in the Society rewards its members with little of material value, but these people are regarded as the outstanding students of Junior High.

Marjorie Mueller

GENERAL SCIENCE

In this scientific age one should have a fair knowledge of such subjects as astronomy, botany, chemistry, electricity, radio and foods. General Science gives one information about these topics and many others as well.

Our studies have been made much more interesting by visits to the Fire Department, the Water Company, a meat market, and a nursery.

A promised trip to Los Angeles for the eight boys having the highest grades has served to make the subject more likeable.

In all, General Science is a very interesting subject.

Jimmie Sanford

THE GLEE CLUB

Under the direction of Mr. Hirt, the Boys' Glee Club has completed a very successful year.

Meeting Mondays and Fridays for rehearsals, this group has presented several programs, one on Model School Night, one at the School Exhibit. This year for the first time in the school's history, the members of this club are proud possessors of sweaters and insignia. Fred Chapin, handsome star of the Toreadors, has served as president. Much of the club's success is due to Mr. Hirt's excellent direction and to Mrs. Sage, accompanist.

Howard Sage

THE DRAMATIC CLUB

The Dramatic Club is made up of 8A students. It was organized with the help of Mrs. Taw. The Dramatic Club was in charge of several entertainments. On Columbus Day, Halloween and Thanksgiving, fine programs were produced, and on the birthdays of Lincoln and Washington fine spirit was shown. The Dramatic Club on Parents' Night presented a humorous play called, "Sauce for the Gossings", and on Exhibit Night the club had a part in the program.

Jan Wallace

JOURNALISM CLUB

Among the new clubs organized at Junior High this year, the Journalism Club is one of the most interesting and beneficial. This club does its work under the direction of Mrs. Sage. Its chief purpose is editing the P.T.A. Broadcast. For this Annual the members of the club have contributed the Calendar, several original articles and poems.

This work improves our spelling, our written composition, and increases our vocabulary, but we are most proud of our creative work which includes original poems, stories, articles and illustrations.

Betty Anne Cunningham

BOYS' CRAFT CLUB

The Boys' Craft Club was organized for the first time this year, Miss Lowry being the sponsor of the club. We worked in wood for a while sawing out the things on the Syncro saw. One of the first things we made was a candle stick holder. After that we began our cement work which the class thought very interesting. A few of the boys have been weaving scarfs and many other things. I am quite sure we have all accomplished something worth while during the year.

Opie Bolland

SAFETY COMMITTEES

There are usually two regular and one substitute officers from each room. At the one minute bell all regular officers go to their posts and remain there until the halls are cleared. This happens eight times each day. They have to watch and control the traffic and report names of those who disobey the traffic laws. They have meetings to discuss, and do as they see fit, with the offenders. A great responsibility rests upon them as they control the school traffic and prevent serious accidents.

Bobby Veach

THE GIRLS' CRAFT CLUB

The Girls' Craft Club has made some very nice things this year. At the beginning of the year they made buttons and buckles of wood. After those were finished, they made raffia mats. Purses, scarfs, linen towels, and a few bath mats were made on the looms. In basketry they made sandwich trays. The bottoms were painted to represent tile. Cut out pictures of wood held the girls' interest for some time, and monks cloth pillows ended the year's work.

Dorothy Rawson

THE ORCHESTRA

The Junior High orchestra consists of twenty-seven instruments, sixteen violins, four clarinets, one trombone, one baritone, one flute, and one piano. Four volumes of the Fox Series are the books used in this orchestra, which has played at the P.T.A. meetings and for The Toreadors, our school operetta. The most important part of our Junior High orchestra is Mr. Franklin, who is its very efficient director. He is a man who has not only made us proud of our orchestra, but who is liked by one and all.

- June 6, 1935—Graduation Exercises at 10:30 a. m. 95 boys and 71 girls—169 students receiving diplomas on the stage at Senior High School—Very impressive.

"Happy Landings"

A SUNSET ON THE DESERT

Who have seen—at eventide—
A sunset on the desert,
While on the drifting sands they bide
To watch the sun go down?

A yellow sun like an Arctic light
Against an azure blue—
A beautiful, beautiful, wonderful sight
Bathed in colors of every hue.

Rose and blue and green and gold—
A sunset on the desert—
A wonderful, beautiful sight to behold!
Too soon it fades away.

—BETTY CUNNING

MY GARDEN

In a corner of our yard
All the soil was dry and hard.
So with some rocks and river sand
I made it like a desert land.

Many cactus plants are there
Where the land was once so bare.
Some broad-leaved and thorny-spined
Some tall, some short—I have all kinds.

There's one that has a bloom of white—
It never blooms except at night—
And others in the sunshine blink
Their colors, yellow, brown and pink.

There is one shaped like a horse—
(I got the plant from Gorden Morse)—
And in one place old hen and chick
Around the rocks are growing thick.

If I have one my friend has not.
I trade for something he has got.
Although I'm young and just a boy
My plants have brought me lots of joy.

GOOD SPORTSMANSHIP

Every school, to be outstanding, must have good sportsmanship, not just ordinary sportsmanship, but the very best quality of will power and cooperation possible in the classrooms, on athletic fields, in assemblies, and in contact with each other. This is the highest quality for which a school can work.

BOYS' ATHLETICS

The first sport of school! Speedball! After many spills and thrills in the games of the 7th grade, the 7 C's turned up with the Championship. They won by a close score with the 7 J 3 to 0. In the 8th grade the 8 B's secured the Championship with a score of 5 to 6 with the 8 C's. Now for the final game! Who will be school Champs? But the 8 B's captured the championship by a large margin. The final score of the game between the 7 C's and 8 B's was 11 to 1.

Basketball! With 41 teams in the entire school the boys were ready to play. All boys competed in this sport by playing on one of the basketball teams. The Aces of the 7 A H N Phys. Ed. class beat the 7 C Cubs 17 to 6. Though the Aces won the 7th grade Championship by a large score the opponents played a good game. The 8 C Bulldogs walloped the 8 B Tug Boat Annie's 12 to 3. After the school Championship game was played off between the 7 A H N Cubs and 8 C Bulldogs, the score was 14 to 24, making the Bulldogs school Champs!

An annual event of the Junior High School is the track meet at Hemet. This is looked forward to with much interest because Corona has won this track meet for the last three years. After many days of practice on the events of the track meet, the last Friday in April finally rolled around for the Hemet track meet. With 35 boys on the bus, it headed for Hemet. The events were: 50, 75, and 100 yd. dash, running and standing broad jump, high jump and relay. The returns of this annual track meet are as follows: Palm Springs 10, San Jacinto 53, Hemet Junior High School 56, Hemet Grammar 19, Elsinore 19, Banning 79, Corona, the winners of the track meet, 152.

There is much enthusiasm aroused about the tennis tournament and baseball. In the tennis tournament the games will be played off by each grade. The 7th and 8th will each play singles and doubles. The champions of the singles and doubles in the 7th and 8th grade will play each other to determine the champions of the school in singles and doubles of tennis. In baseball each class will choose a team. Each team will play another until the best team becomes the champions of the school.

—DUDLEY TOMPKINS

GIRLS' ATHLETICS

Just as there are seasons in the year, there are seasons for girls' sport activities in the Junior High School. First in this series of seasons was volley ball. There was great excitement and the teams that were competing fought hard and long for the championship. The final eighth grade game was between the 8 N and 8 B divisions, with the 8 N's coming out victorious. Their captain was Flora Walls. The seventh grade games ended with a battle between the 7 N's and the 7 J's. The winning score was held by the 7 N's under the captainship of Jesus Cervantes. The teams played hard to win these honors which all classes covet so greatly.

Following in order came nine court basket ball. As this game is of great interest to most of the students, there was a large crowd of enthusiastic spectators watching the two championship games being played off. In this competition the 8 J and 8 N teams played for the eighth grade honors. The 8 J team, with Elizabeth Geith as their captain, was victorious. In the seventh grade it was necessary to combine the girls in the B and H divisions since neither had enough for a team. This group with Sylvia Robinson and Catherine Lay as Captains, defeated nine players from the 7 A class.

Next in line came tennis, a very exciting and entertaining game. This year each girl who entered the tournament played every other girl in her class who was participating. Many of the sets were close and showed excellent playing. When all the matches were completed and the score tallied, the winners were found to be as follows: For the eighth grade—First, Darlene Linscheid; Second, Elema Townsend; Third, Frances Neely; Fourth, Elizabeth Geith; Fifth, Phyllis Root. For the seventh grade: First, Fay Cochren; Second, Anna Thompson; Third, Marvel Maxwell; Fourth, Helen Murray; Fifth, Helen Thompson.

Toward the end of the school year we center our attention on baseball, and as in other sports, we have inter-class games. We are always curious as to who will be the winners in this favorite sport. However, since the games are played after this book goes to the press, we cannot record the outcome.

OUR FUN

At Junior Hi we have our fun,
In many games our boys have won,
But best of all are movie days—
We like them more than games or plays.

Now don't you think it would be nice
If learning from movies would suffice?

—I do.

ORIGINAL STORIES

BIG AND LITTLE

Scampering along the street came a fuzzy mop of whitish gray hair, a cairn terrier. Looking across the street he saw a large, sluggish, slow-moving St. Bernard walking along.

Thought he to himself, "I'll go tease him, perhaps I can get him to chase me. If I can it'll be lots of fun."

So, in a spirit of adventure and teasing, he scrambled over toward the large animal who kept up his leisurely walk, paying no attention to this, he grew more derisive ending with, "You big bum, you couldn't even scratch a flea."

Discouraged by his failures, the little dog took a nip at the big dog which was followed by the St. Bernard's slow turning of his head, calmly and surely raising a big paw and rolling the little dog out of his way.

The moral of this is: "Don't be disturbed by petty annoyances."

—CHARLES HENRY JAMESON

BETTY'S CHRISTMAS DOLL

"Christmas won't be Christmas without that doll I saw in the window down town," thought little Betty as she lay on the bed, head sunk in a pillow.

"But I must be brave. Mother says she's doing well to get us enough to eat these days. Times are hard since daddy died last winter."

She lay thinking for some time; then she struck an idea. "Could she earn the money? But," she thought in dismay, "there's so much to be done at home helping mother and taking care of baby Jane."

She finally fell into a troubled sleep.

Next day old Mrs. Brown asked her to come over and help her. Betty helped her all morning until finally all the work was done.

"Come here young'un," said Mrs. Brown.

Betty did as she was asked.

"What do you want for Christmas?"

"I want—I want a big doll," quavered the small child.

Tears were in the older woman's eyes. She remembered a day long ago.

"Here, child, take this and buy your doll."

Betty's small world spun around. At least she was to get her cherished doll. But when Betty got home her money was taken to buy groceries for Christmas. Christmas morning came and no doll. All morning she helped mother. About noon a knock came to the door. She answered it to find a nice looking woman.

"Is there where Mrs. Jones lives?"

"Yes."

"Mother," Betty called.

The next moment the two women were in each other's arms.

It was her father's sister who had just heard of her brother's death. Among the gifts she had for the children was Betty's cherished doll.
